## Quarterly Astrology Forecast for Spring 2025

### Spring Astrology Forecast

#### Wild Times?

Between last December 6 and April 12, personal planets Mars, Venus and Mercury are retrograde at different times. Planets closer to the sun are called personal because they affect you, well, personally. Outer planets such as Saturn and Neptune also affect you, but they also activate entire generations. (See page 3)

Two eclipses in March add to the back and forth energy of the retrogrades making for wild times. Venus started her less common retrograde in Aries on March 1, her least favorite sign. She then moves retrograde into Pisces on March 27.

At the core, you are reviewing your values and ambitions in both relationships and finances. As the goddess of grace moves back into Pisces, you benefit by retreating from the outer world to renew your higher vision for the next stage of life.

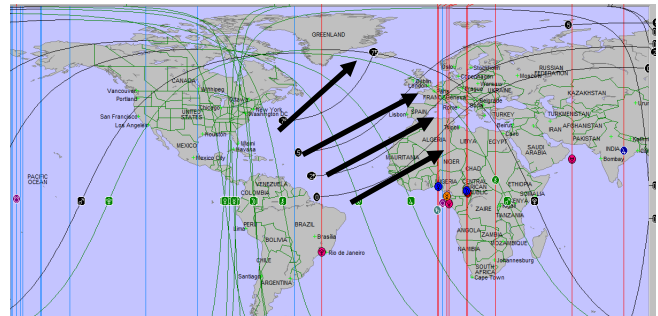

Mercury is retrograde in Aries, then Pisces, from March 14-April 7. Because Mercury and Venus are both retrograde beginning at approximately 9-11 degrees Aries back to 24-26 degrees Pisces, it would be helpful if you know where Aries and Pisces lands in your chart. The 10<sup>th</sup> house would be your career; the 4<sup>th</sup> house where you live, etc. (See the Free Astrology Primer <https://astromark.us/astrology-resources/>)

For everyone, this is a time of reassessing your life values and priorities, and making a behind the scenes flexible plan for future ambitions.

(Forecast continues on pg 2, left column )

### Solar Eclipse in Aries

The March 29 partial solar eclipse basically travels from Washington DC to Greenland, Europe and the Ukraine. The general rule of thumb is to use three months before and after the 10<sup>o</sup> Aries eclipse as its range of effectiveness.

Aries is an assertive warrior. So it is no surprise that there has been a lot of rhetoric coming from Washington DC towards Greenland and Ukraine, much of it false, along the eclipse path shown above.

Aries is associated with anger on the lower level. There has been plenty of that to go around ranging from European leaders being left out of talks on Ukraine and Zelensky being falsely called a dictator. Watch accurate and responsible news to see how this eclipse energy escalates along the eclipse path.

On a personal level, a solar eclipse brings deeper spiritual motivations. It's not what your ego wants; it's what your soul wants to experience next. Aries tells you it is time to pioneer a new path. And there is plenty of Aries energy incoming this quarter and more in 20206.

An important, but possibly abstract to grasp planetary alignment begins this quarter. Down to earth Saturn begins to align with "way out there" Neptune at the end of Pisces and beginning of Aries.

They do not precisely align until February 2026 but they are dancing close enough than an old Catholic nun from my distant past would push them apart.

People born in 1952-53 all have the previous conjunction in Libra. Visionary Neptune wants to go away on a South Pacific sailboat and Saturn wants to be responsible and pay the mortgage. Fantasy meets reality and it will be interesting to see which side wins, or some blending of these different energies.

A nicer way to say it: Go beyond the Neptunian veils of this transitory world to bring your higher vision and higher self into a grounded form of service.

Keep in mind that it often takes time for a vision to come to you. Remember that the Buddha sat under that darn bodhi tree for a long time before the flash of enlightenment came to him in an instant. What is the vision you want to manifest by February 2026?

An auspicious shift comes on June 7 when generous Jupiter moves into Cancer until July 2026. Cancer brings nurturing and nourishment.

The god of abundance is leaving a year in Gemini, a sign that is uncomfortable to him. Where Gemini has a lot of ideas that are as scattered as a field of spring flowers, Cancer wants a sense of roots and stability.

Many people will move or remodel their homes this year. Hopefully this will be supportive of the homeless population. The USA has four natal planets in Cancer, including the Sun. In a country, Cancer indicates how the people are treated, kind of like a giant human resources department. Watch to see the approach government takes toward individuals.

Cancer is also associated with food and nutrition. Jupiter represents generosity and philanthropy. Much of that was taken away in Gemini and the current administration policies, so it will be interesting to see what shifts on policy take place.

Home gardens and food production methods will increase. Residential real estate development will expand. Cancer is associated with mothers and babies, so right to choose will speak loudly.

Practice going with the flow in the wild quarter.

Don't expect to know all the answers of what is coming next for you because Venus and Mercury are retrograde. Mercury is exploring a variety of options and ideas. Venus helps you to decide what you value most and what you no longer value.

Esoterically, Aries is associated with Rays 1 and 7. Think of Archangel Michael with his sword for Ray 1. Anything that gets in the way between you and your connection to the One Source must be removed (fears, ego, self-worth, etc.).

Think of St. Germaine, the Violet Flame and transmutation for Ray 7. Lower frequency energies must be raised to higher vibrations, both within you and the world. Wear purple!

Collectively, this eclipse pushes everyone to see past the bull shit to bring forth higher energies into the world. Aries tells us that it begins with each of us individually.

Aries tells you it is time to make some choices.

**When you come to a fork in the road, take it.**

~Yogi Berra

The current retrogrades tells you to research your options before carving your choices in stone. But anyway you define it, change is here and there is no going back.

There is also a Virgo lunar eclipse on March 13/14, just a few hours before Mercury turns retrograde. This is the first of a series of eclipses in Virgo and Pisces.

Virgo advises you to clean up your act. Start by decluttering your home or office. A healthy body cleanse would make your physical being feel fresh and light. Simplify your life.

Virgo is the goddess of spiritual service as well as the harvest. Meditate and work in the garden. Plant herbs as Virgo rules natural healing.

The other side of the lunar eclipse is the Sun in Pisces. It is closely aligned with responsible Saturn. This adds a serious tone to what is normally an emotional eclipse.

If you feel depressed, know that it shall pass. However, there is value in exploring that which triggers your emotions on a deeper level.

Take comfort to know that Mars in Cancer makes a harmonious relationship to this eclipse. Take long term action now to create a feeling of safety and security in the path that is only beginning to unfold. Have faith.

Faith is the bird that feels the light when the dawn is still dark.

~Indian poet Rabindranath Tagore

## Saturn enters Aries on May 24

It's time to assertively put energy into long-term goals. Beginning May 24 until September 1, Saturn makes a temporary entrance into aggressive Aries. Then, the planet of "restructuring your life" returns to Pisces to finish old business from the past two years.

This tells you to get ready for his full run in courageous Aries February 2026-April 2028. Look back to the life changes the last time Saturn was in Aries April 1996-March 1999. The International War Crimes Court was founded in The Hague and the Iraq disarmament crises took place. In 1967-69, the Viet Nam war and protests were going strong. Robert Kennedy was assassinated.

Although people tend to groan when they hear disciplinarian Saturn is active, they forget that Saturn produces long-term rewards. It's just that Aries requires you to put a lot of ambition and effort into projects that require plenty of time to manifest. **Your new mantra: Assertive patience.**

## Mars Gets Moving

Assertive Mars was in his retrograde cycle from Dec. 6, 2024 until Feb. 23, 2025 in Leo and Cancer. The warrior is telling you to get moving again after reviewing and revising your ambitions and security needs during the retrograde cycle. Leo wants you to open your heart and lead a new way. Cancer wants to be safe

However, this motivation to get moving is mitigated somewhat for two reasons. One is that Mercury and Venus are retrograde in March and April, slowing down forward progress. The other reason is that Mars is in a long post-retrograde shadow lasting all the way to May 2<sup>nd</sup>.

Every planet has a pre and post shadow period when you are either preparing for the coming retrograde, or cleaning up and re-adjusting after the cycle has ended. For example, tariffs were asserted during Mars retrograde then adjusted after moving direct.

Don't make yourself crazy if you experience a bit of "hurry up and wait" energy. The universe is shifting gears this spring as part of bigger planetary sign-changes between 2023-2027. This new ambition cycle is going through an adjustment phase this Spring. Know that Great Spirit is helping you even when the world appears to be in disarray.

**Nature does not hurry, yet everything is accomplished.** ~Lao Tsu

## Neptune enters Aries on March 30

The last time Neptune was in Aries, the Civil War was going on. You could easily say that a civil war is currently going on in the USA, along with Sudan, Myanmar, Sudan, Ethiopia, and Somalia to name a few.

Neptune, at its best, holds higher ideals for the world. Owning slaves was the big issue the last time Neptune was in Aries, 1861-1874. Neptune asks you to choose between the spiritual ideal on the high side and being a martyr on the low side. Do we hold the higher ideal for the Palestinian people or deny their right to a home? Do we sacrifice Ukrainian people?

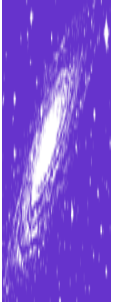

From March 30 to October 22, Neptune teases us as it briefly moves into Aries, before returning to finish old business in Pisces since 2011. In late January 2026, Neptune moves into Aries until 2038. You are now receiving a hint about possibilities for your life.

During the next several months it would be beneficial to create a vision board or go off on a vision quest. Aries tells you it is time to pioneer a new path. The god of war wants you to step out of your comfort zone. Have courage and self-confidence to allow the new you to come forth.

Neptune has been at the final degrees of Pisces over the last two years, and that means the old world has been dissolving away. People used to say that life in New Orleans was upside-down. Now, the whole world is upside-down. It is the responsibility of everyone on the planet to bring forth the higher vibrational side of Neptune in Aries *-and remember, you volunteered to incarnate at this time!*

**Only those who will risk going too far can possible find out how far they can go.**

## 7 RAY SOUL PURPOSE ESOTERIC ASTROLOGY for Abraham Lincoln

2/12/1809 Sun Aquarius, Capricorn Moon, Aquarius Ascendant

**A soul ray is a universal frequency that each person incarnates on to provide opportunities for growth and service in this life.** Your zodiac sun sign is of our solar system and has to do with personality. A soul ray is Universal in nature. It helps you accomplish life purpose in this incarnation.

President Lincoln was strong in rays 6 and 2. Ray 6 holds the higher vision and then allows nothing to get in the way of manifesting that vision. Associated with Neptune, Ray 6 helps burst illusions to bring forth higher truth.

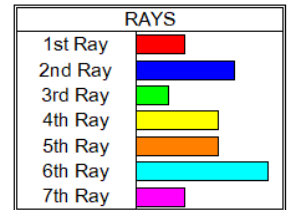

Lincoln was born with Neptune and Saturn aligned with each other in highly philosophical Sagittarius. Ideally, higher concepts such as "all men are created equal" are brought into practical application through Saturn. Saturn is associated with prejudice as well as the clinical depression that plagued Lincoln. Saturn is associated with Ray 3 that translates esoteric philosophy and abstract knowledge in a way that all can understand.

Ray 2 represents unconditional love and wisdom. It is the energy that sees through the outer personality ego (and skin color in Lincoln's time and now). Ray 2 connects with who people are at their divine self level of being. Then Ray 2 helps people live in their divine self rather than giving into fears, conspiracy theories and anything else that is not of wisdom. Ray 2 is associated with Jupiter, the planet that helps people expand their belief system to open to higher philosophical principles.

"A house divided against itself, cannot stand."

A famous quote of Lincoln based upon biblical text, as true today as it was in the 1860's. Hopefully the demise of the penny is not symbolic of losing higher American ideals and principles under current leadership.

Ray 4 of *harmony through conflict* is also present in Lincoln's natal chart. Each ray is associated with a triad of signs in this case, Scorpio, Taurus and Sagittarius. Lincoln had all three of these signs in his natal chart. In spite of ongoing conflict, his 4th ray job was to help people move beyond their fears and poverty consciousness to live in the higher values of Taurus. Sagittarius helps people expand their belief system to go beyond limitations.

### Seven Ray Esoteric Astrology Consultation This consultation is for existing clients only.

Esoteric Astrology is the branch of astrology that seeks to help people understand and accentuate spiritual growth and service. Think of it like a multi-level chess board. Everyone operates on the base level of earth school, but those who know they have incarnated to be of higher service can move between base and higher levels.

The consultation includes your personality and soul rays. The personality ray helps you manage the mundane aspects of planet earth. Your soul ray helps you activate greater personal meaning through spiritual growth and service. There are also sub rays to help you step into the fullness of your service in this incarnation. This work is based upon the teachings of Master Tibetan disciple Djwal Khul (DK) and Alice A Bailey.

**As you increase your awareness of what your soul came to do, you place greater focus on your own spiritual growth. This helps you raise your own frequency which gives you greater tools to help your life move more smoothly through earth school**

The consultation includes an esoteric look at your natal chart along with all the transiting and progressing cycles going on now and in the incoming months. \$220/ 90 min.

PERIODIC UPDATES to the changing cycles in your chart are available after the Seven Rays consultation (Including birthday year chart if it is near your birthday). They are usually 60 minutes, although 30 and 90 minutes are also available.

This page is offered to address the spiritual growth side of current astrology from the esoteric point of view. Or, a metaphysical topic of interest this quarter or whatever seems appropriate.

## Who do you love-hate: Trump, Biden, Obama, Musk, Putin?

**The Upanishads are ancient Hindu texts that teach the concept of oneness, or unity in diversity, among all beings. The Upanishads give the message of unity in diversity (i. e., oneness), as all the living beings are originated from one Supreme Reality. The texts promote the practice of oneness through meditation, chanting, and contemplation.**

If you believe, as I do, that we all emanate from One Source, what Hermetic Philosophy calls *All That Is*, then the politicians listed above are a part of you. That is also true of that person who did you wrong or the starving person in remote Africa that you will never know. Because we come from the One Source, that politician that makes you crazy is a part of you.

Part of me wants to scream at the top of my lungs to tell everyone that the emperor has no clothes. But the part of me that wants that oneness has to step back from the soap opera that is prevalent on planet earth at this time. I must recognize that those people that activate my emotions in a not good way are my teachers.

I have to empathize with them to understand their point of view, respecting their perspective even though it is not mine. I have to remember that I am not helpless. **You are not helpless.**

As many of you readers know, I foster orphaned elephants in Kenya. Although I am sickened by people who would kill a mother elephant for their ivory, leaving their infant offspring to die, I do empathize that there is serious poverty in Kenya.

Because we all come from the One Source, I have to recognize that poacher is a part of me. I am not powerless. I begin by practicing forgiveness and compassion for that part of me that poaches elephant ivory 9,000 miles away. Then I take steps to change the energy of poaching. I donate money to my foster animals, enforcement rangers, and to education and health organizations helping the Masai tribes of the region. <https://www.sheldrickwildlifetrust.org> Essentially, I am changing the vibration of that poaching part of me while changing the energy in Kenya.

I picked that example because telling you that Trump or Biden are a part of you tends to shut people down emotionally. Everyone loves baby elephants, so not as raw of an issue.

So what do you do? If you lost your job due to performance issues when you never even received a performance review, that is very personal, if not insulting. Advising you to take a calming walk in the woods or to meditate and practice forgiveness and compassion may very well be the best thing to do— *but easier said than done!* (Do it anyway). Maybe it is time to start your own business? Maybe it is time to take that vacation you have been putting off in spite of financial concerns. Whatever your thoughts good or bad, remember *This Too Shall Pass*.

So what do you do when a situation (judgement?) presents itself? Begin by remembering that we all come from the same Source. Everyone is a part of you, and you are a part of everyone. Practice compassion for your teachers, especially the ones who most push your buttons. See through the personality ego of yourself or the other person to see the spark of divine within both you and them. Get out in nature. Remember that this life is an illusion, maya— even though it seems very real at the moment.

**Reality is merely an illusion, albeit a persistent one** ~Albert Einstein

## Spring Equinox

March 20 \* 2:01:30 AM PDT

A chart cast for the next three months:

Five of the ten planets we use in astrology are located within 14 degrees of each other- that's only 4% of the 360 degree zodiac. In a sense, that is reflective of the entire year of 2025.

Several planets are operating between the Pisces end of the zodiac and Aries at the beginning. In this case, Pisces represents the old you melting away as you begin to open to a new vision in your life. Then you have several planets teasing the early degrees of "pioneer a new path" Aries. (See page 3)

Yet, you probably feel like you are caught between the world that is dissolving before your eyes and the new world that only gives you a glimmer of what is ahead starting in 2026.

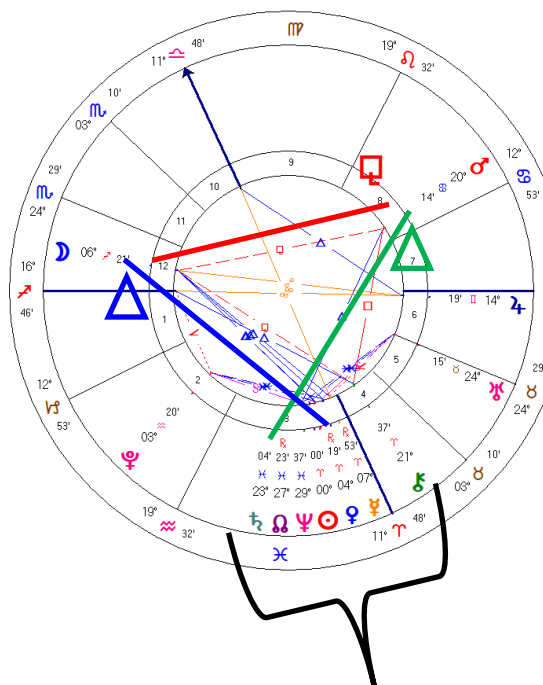

The feeling-oriented moon ☾ is in "I'm ready for an adventure Sagittarius. The **blue line** planetary pattern is harmonious trine △ between your emotions and both Venus and Mercury currently in their retrograde cycle. Although this may feel a little bit funky in terms of getting yourself into forward motion, it is helpful in making a general, flexible plan for the coming months.

The harmonious **green line** △ is between assertive Mars and patient Saturn ♄. Put short term physical energy and ambition into long term plans and goals. Don't expect immediate gratification as Saturn produces long-term rewards.

The **red line** is called a sesquisquare or sesquiquadrate ☐. It is a minor 135° challenging relationship between the feeling oriented moon and assertive Mars ♂. This isn't a bad combination, probably more annoying than anything else.

What makes it interesting is that it connects the two planets that make harmonious trines to the Pisces and Aries cluster (astrologers call it a stellium).

Perhaps the message is to take comfort in the help that these two trines offer, but know that there will be some annoying disturbances that come naturally between dissolving Pisces and "get your butt in motion" Aries. Just go with the flow.

Pisces- Aries Emphasis

Does Pisces bring a higher vision to the world or deception?

Will Aries follow on through on pioneering a new path, or leave changes half-finished?

## Spring Equinox AstroCartoGraphy® Map \* See chart previous page

This is an AstroCartoGraphy® power lines map for the coming quarter , See the previous page

**Red Rectangles** show the Pisces-Aries emphasis zones as described on the previous page. It's anybody's guess what this means, so watch for action off the west coast of the United States and Alaska (and having been an Alaska resident, the mountain is still called Denali!). If you thought all the talk on taking over Greenland was a joke, note the emphasis of ACG lines stretching from there to Brazil. Eastern Africa into the Middle East is a challenge to begin with (think Sudan civil war), so it is difficult to tell if this emphasis is helpful or not. Finally, Japan, Philippines, the South China Sea into Australia is another zone likely to be in the news.

Also note that challenging Mars and Pluto lines travel through the Gulf of Mexico (yes, Mexico) and the Mumbai side of India into Pakistan and the disputed Kashmir region.

This quote reflects Aries energy coming in:

Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma - which is living with the results of other people's thinking.

Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition.

Keep calm and serene, knowing:

**“God is the only intelligence and power acting in your world and affairs”**

I AM in you, is the self-sustaining strength and healing, manifesting in your mind and body. This keeps you in greater attunement. Face God! And the energy always surges forth to command every situation. Individuals who understand this law are not subject to injustice and the conditions which the outer selves of other beings try to impose upon them.

~Saint Germaine Series, Volume 3, page 14

Every man and woman in the new era has an individual two-fold mission —the transmutation of his own discordantly qualified energies of the past, and the conscious control and mastery over the use of his or her life in the present.

Transmutation  
Violet Flame  
Drive

This is the balance required by the Chela of the Seventh Ray. The few (who are beyond personal karma) assume the responsibility, opportunity, and obligation of utilizing the power of transmutation on behalf of their race, nation, and planet.

It is upon these few that we depend for a planetary redemption these years allotted to us by the “Cosmic Law” to make all things new.

## Seven Ray Esoteric Astrology Consultation

My passion in life is to help people to connect with their soul path in the most dynamic way possible. **The Soul Ray reading is designed to activate a greater expression of your soul and spiritual service in your life.**

**What is a soul ray consultation?**

Essentially, the Seven Ray consultation is an astrology reading based upon the esoteric branch of astrology. Think of a multi-level chess board. Everyone operates on the physical earth school level. However, people who have moved beyond the need for personal ego gratification, knowing that they are here to grow spiritually and be of service to humanity, can access higher levels of that chess board to utilize more frequencies.

You will learn about your soul and personality rays. This information is based in the channellings of the Tibetan Master Djwahl Kuhl and Alice A. Bailey. Visit: <https://www.lucistrust.org/>

Understanding the rays upon which you have incarnated helps you to work more fully with your energies of soul service. This reading is best for people who have reduced the need to ask “what’s in it for me?” and increased the need to know, “what is my soul purpose and spiritual service in this life?”

By choosing to experience this reading, you are calling upon your soul to express an increasing manifestation of the Divine Essence in your life. You are choosing to step into higher levels of soul service.

**This is an excellent tool for those who are shifting out of attachment to the material world in the direction of soul service. It’s time for each of us to take increased responsibility for expressing our Divine Nature in our daily lives.**

This 90 minute consultation includes current transits, progressions, and if it is near your birthday, the solar return forecast. Fairly accurate birth time is needed for this consultation.

**Periodic updates** of 60, 30 or 90 minutes are available after you have had the Seven Ray Consultation. We typically look at changing cycles called transits and progressions

## Sacred Travel Update

Numerous people ask about my surgery dates for knee replacements. The answer is that I do not know.

I am two-thirds of the way losing weight to have the acceptable BMI for knee surgery. I am making slow but sure progress.

I do not feel comfortable leading a metaphysical group to sacred sites until my knees are replaced. Walking any distance is difficult at this time. After surgery, I may need to ask for help for a couple days- rides to PT, etc.

Then there is the question of how residents at international locations will view Americans given the *America First, screw everyone else* philosophy of the current administration.

Malta

My top places to go are:

Petra in Jordan: either Jordan all by itself or include going up the Nile River to the big statues in Egypt.

African safari to include elephant-rich Botswana and Victoria Falls.

European river cruise from Amsterdam to Bucharest

Scandinavia

Malta (similar design to Gobekle Tepe in Turkey)

Or ???

Updates will be at the travel page when I know more:

## 30 Years It's hard to believe!

At the end of May, I celebrate 30 years of astrology and metaphysical services as my sole career- and part time 15 years before that. What a change from my years as an industrial sales rep.

Your support of my work has made me a better person. Although I am semi-retired and seeing only existing clients now, I hope my words through this quarterly newsletter and the email New & Full Moon astrology forecast continues to provide insight into our evolving world.

**Thank you \* Thank you \* Thank you**

This quote reflects Aries energy coming in:

I learned that courage was not the absence of fear, but the triumph over it.

The brave man is not he who does not feel afraid, but he who conquers that fear.

~ Nelson Mandela

Words as true now as they were 165 years ago. Words we need to remember. ( See page 4)

We the people are the rightful masters of both Congress and the courts, not to overthrow the Constitution but to overthrow the men who pervert the Constitution.

~Abraham Lincoln
